

2021 ARMOR COTTON CROP LOSS PROGRAM

OFFER: Grower will qualify for \$240 in credit, which will be applied to the retailer by WinField United on a verified crop loss claim. Program applies to Armor branded seed only, that is lost within 60 days of planting, and cannot be replanted. Program applies to the first planting only, replants are not eligible under this program.

CROP LOSS PROGRAM CONDITIONS

Program Timing

- September 1, 2020 - July 31, 2021

Qualifying Participants

- All growers that plant Armor cotton in Zone E

Qualifying Geography

- Zone E, as as identified by Bayer official seed drop zones

Qualifying Products

- All Armor commercial cotton products

Requirements

- Must be enrolled as an AgriMine® System customer to qualify. Cotton purchases will be taken from AgriMine System.

Customer Service

- Questions regarding program information and issued payments please contact WinFieldProgramSupport@landolakes.com

Program Conditions

- Program is valid only for Armor cotton seed purchased during the 2020-2021 crop year program. Seed purchased in previous years is not eligible.
- Eligible acres must be covered under the Multi-Peril Crop Insurance Program.
- Losses or reductions due to other conditions or perils, such as disease, pests, hail, wind, etc. are not eligible under this program. Growers must use sound farm best management practices and make every attempt to establish a stand and produce a crop. Stand reduction or loss 60 days after the first planting shall not be covered.
- An Armor seed sales representative must verify claim and complete any and all documentation prior to field being tilled and filing claim in order to be eligible for reimbursement.
- Grower must submit proof of purchase, and Federal Crop Insurance worksheet to be eligible.
- Final deadline for submitting claims is July 31, 2021.
